Pupils in Work Education Programs

Policy

WSIB coverage is provided for pupils (secondary school students) who

- are ~~registered~~ [participating](#) in Ministry of Education work education ~~programs~~ or experiential learning programs [with publicly funded schools](#), and
- are placed with an employer (placement host) to gain practical work experience.

These pupils are deemed to be "workers" under the *Education Act* and are covered as such for WSIB purposes.

WSIB coverage for pupils is provided by the Ministry of Education unless it is provided by the placement host.

Purpose

The purpose of this policy is to identify when pupils are covered by the WSIB and who provides the coverage.

Guidelines

Work Education Agreement

Before a work placement begins, the pupil, school and placement host must complete and sign a Work Education Agreement (WEA) for work education or experiential learning programs that include the following:

- Supervised Alternative Learning for Excused Pupils
- Ontario Youth Apprenticeship Program, and
- Secondary school ~~co-op~~ [cooperative education](#) programs.

The WEA clarifies whether the pupil will have WSIB coverage through the placement host or the Ministry of Education.

Unpaid work placements: If the placement host does not pay wages to the pupil, the Ministry of Education is considered to be the employer and is responsible for providing WSIB coverage. (Expense allowances or honoraria paid to pupils are not considered wages for the purposes of WSIB coverage).

Paid work placements: If the placement host does pay wages to the pupil, the placement host is considered to be the employer for WSIB purposes and is responsible for providing WSIB coverage.

(The Ministry of Education provides coverage and is considered to be the employer for WSIB purposes if the placement host is paying wages but does not have ~~compulsory~~ [mandatory](#) coverage or coverage by application with the WSIB.) [For more information about coverage for](#)

Reporting a work-related injury/disease

The Employer's Report of Injury/Disease (Form 7) must be submitted to the WSIB if a pupil sustains a work-related injury or disease due to the work placement.

- The school board representative submits the Form 7 [and the WEA](#) for placements covered by the Ministry of Education.
- The placement host submits the Form 7 for any placements for which they provide WSIB coverage, along with the WEA.

For more information, see 15-01-02, Employer's Initial Reporting Obligations.

WSIB entitlement

The WSIB reviews the information submitted to determine if the pupil has sustained an injury or disease that arose out of and in the course of the work placement, and is entitled to WSIB benefits and services.

When are pupils covered?

Pupils are generally covered in situations such as the following:

- performing the duties assigned by the placement host, under the supervision of a training supervisor
- participating in a work placement on school board property, under the supervision of a teaching or non-teaching staff member (e.g., teacher, building custodian, audio-visual technician, purchasing officer)
- travelling as required to perform the duties assigned by the placement host
- [participating in an out of province work placement either internationally or in another Canadian province/territory. Coverage is automatic for up to six months if the employer's place of business is in Ontario for pupils who are residents of Ontario. A written request must be sent to the WSIB to extend coverage beyond six months.](#)
- ~~work placement outside of Ontario, while enrolled in an international co-operative education program (coverage is automatic for six months and a written request must be sent to the WSIB to extend coverage), and~~
- [participating in an out of province experience \(e.g., conference, competition, trade show\) that is part of an Ontario based work placement, and](#)
- being transported from the work placement to receive health care due to a work-related injury or disease.

When are pupils not covered?

Pupils are generally not covered in situations such as the following:

- attending regular classes at school and participating in regular school activities
